

CHAPTER 1**Abbreviations and Definitions**

Section 1 - Common abbreviations used in the JAA Central Question Bank	1-1
Section 2 - ICAO Definitions	1-6

CHAPTER 2**The History of Aviation Law and the Chicago Convention 1944**

Background.....	2-1
Introduction	2-1
Safety.....	2-1
International Law.....	2-1
Scheduled and Non Scheduled Air Services.....	2-2
1919 Aeronautical Commission of the Paris Peace Conference.....	2-2
Convention of the Unification of Certain Rules to International Carriage by Air (Warsaw 1929).....	2-2
1944 Convention on International Civil Aviation (the Chicago Convention)	2-3
Part I – Air Navigation	2-4
Part II - The International Civil Aviation Organisation.....	2-8
The Organisation	2-8
The Assembly	2-9
Annexes to the Convention.....	2-9
Other International Agreements made at Chicago	2-11
The International Air Transport Agreement and the International Air Services Transit Agreement.....	2-11
Supplementary Freedoms.....	2-11
The Convention of Tokyo 1963.....	2-12
The Hague Convention of 1970	2-13
The Montreal Convention of 1971	2-13
Addendum to Chapter 2.....	2-14
Chapter IX - The Council	2-17
Chapter X - The Air Navigation Commission.....	2-19

CHAPTER 3**Other International and European Organisations**

The International Air Transport Association (IATA).....	3-1
The Convention of Rome 1933/1952	3-1
Commercial Practices and Associated Rules (Leasing).....	3-1
Leasing of Aeroplanes between JAA Operators	3-2
Leasing of Aeroplanes Between a JAA Operator and Any Body Other Than a JAA Operator.....	3-2
Leasing of Aeroplanes at Short Notice.....	3-3
European Civil Aviation Conference (ECAC).....	3-3
ECAC Objectives	3-3
Joint Aviation Authorities (JAA).....	3-3
JAA Organisation	3-3
Functions of JAA.....	3-4
Organisation and Procedures	3-4
JAA/FAA Harmonisation	3-5
Eurocontrol.....	3-5

CHAPTER 4**Flight Crew Licensing (Aeroplanes)**

Introduction	4-1
JAR-FCL	4-1
Licensing Requirements and Regulations	4-2
Specific Requirements for Licence Issue PPL(A).....	4-3
ATPL(A) Experience	4-5
CPL(A) Experience	4-5
Instructor Ratings.....	4-6
Examiners (Aeroplane)	4-6
Class and Type Ratings	4-7
Instrument Rating (IR(A))	4-8
Recent Experience	4-9
Curtailement of Privileges of Licence Holders Aged 60 Years or More.....	4-9
Medical Requirements	4-10
JAA Theoretical Knowledge Examinations for ATPL (A).....	4-12

CHAPTER 5**Registration of Aircraft and Aircraft Markings**

Nationality, Common, and Registration Marks	5-1
Location of Nationality, Common, and Registration Marks.....	5-2
Registration of Aircraft.....	5-3

CHAPTER 6**Airworthiness of Aircraft**

Introduction	6-1
Certificate of Airworthiness	6-1

CHAPTER 7**Rules of the Air**

Introduction	7-1
General Rules	7-2
Negligent or Reckless Operation of Aircraft	7-2
Minimum Heights	7-2
Cruising Levels.....	7-2
Prohibited and Restricted Areas.....	7-2
Avoidance of Collisions	7-2
Simulated Instrument Flight (SIF).....	7-7
Flight Plans	7-7
Communications	7-10
Visual Flight Rules (VFR).....	7-12
Instrument Flight Rules	7-14
Rules Applicable to IFR Flights within Controlled Airspace	7-15
IFR Flight Levels	7-15
Rules Applicable to IFR Flights Outside Controlled Airspace.....	7-15
Communications	7-16
Position Reports.....	7-16
Special VFR (SVFR)	7-16
Cruising Levels.....	7-17
Table of Cruising Levels.....	7-20
Appendix 1 to Chapter 7	7-22
Signals for Use in the Event of Interception	7-22

CHAPTER 8**Signals**

Introduction	8-1
Emergency Signals	8-1
Aerodrome Signals	8-2
Acknowledgement.....	8-2
Visual Ground Signals	8-3
Signals from the Pilot of an Aircraft to a Marshaller	8-8

CHAPTER 9**Altimeter Setting Procedures**

Expression of Vertical Position.....	9-1
Transition	9-2
Use of QNH or QFE.....	9-3
Flight Planning	9-4

CHAPTER 10**Instrument Procedures**

Introduction	10-1
Publications.....	10-1
Obstacle Clearance	10-2
Abbreviations	10-2
Departure Procedures.....	10-2
The Instrument Departure Procedure	10-3
Establishment of a Departure Procedure	10-3
Standard Instrument Departures.....	10-5
Contingency Procedures.....	10-6
Published Information	10-8
Airways Departure Routes (SID Charts)	10-8
The Instrument Approach Procedure	10-13
Obstacle Clearance	10-15
Accuracy of Fixes.....	10-21
Descent Gradient.....	10-24
Approach Segments	10-24
Standard Arrivals Routes (STARS).....	10-24
Missed Approach	10-28
Visual Manoeuvring (Circling) VM(C)A in the Vicinity of the Aerodrome	10-30
Published Information	10-31
Holding Procedures	10-36
Simultaneous Operations on Parallel or Near Parallel Instrument Runways	10-42

CHAPTER 11**Aeronautical Information Service**

Introduction	11-1
Responsibilities and Function	11-1
The Integrated Aeronautical Information Package (IAIP).....	11-1
Prohibited, Restricted, and Danger Areas.....	11-2
NOTAM (Notice to Airmen).....	11-3
Aeronautical Information Regulation and Control (AIRAC)	11-6
Aeronautical Information Circulars (AIC).....	11-7
Pre-Flight and Post Flight Information.....	11-8
Aeronautical Information Publication (AIP).....	11-8
Contents of Aeronautical Information Publication (AIP)	11-9

CHAPTER 12**Air Traffic Services and Airspace**

Introduction	12-1
Objective of the Air Traffic Services (ATS)	12-1
Divisions of the Air Traffic Services	12-2
Determination of the need for Air Traffic Services	12-2
Classes of Airspace	12-2
Required Navigation Performance (RNP)	12-5
Units Providing Air Traffic Services	12-5
Flight Information Regions (FIRs)	12-6
Control Areas	12-6
Flight Information Regions or Control Areas in the Upper Airspace	12-7
Control Zones	12-7
Service to Aircraft in the event of Emergency	12-10
Time in Air Traffic Services	12-10
ATS Route Designators	12-10
Air Traffic Incident Report (ATIR)	12-14
Collision Avoidance Systems (ACAS – Airborne; TCAS – Traffic)	12-15
Use of ACAS/TCAS Indications	12-15

CHAPTER 13**Air Traffic Control Services**

Introduction	13-1
Air Traffic Control Service	13-1
Operation of Air Traffic Control Service	13-3
Emergency and Communication Failure	13-8

CHAPTER 14**Flight Information Service (FIS)**

Application	14-1
What is provided by a FIS	14-1
Operational Flight Information Service Broadcasts (OFIS)	14-2

CHAPTER 15**Aerodrome Control Service**

Introduction	15-1
Aerodrome Traffic Zone (ATZ)	15-1
Functions of Aerodrome Control Towers	15-2
Traffic and Taxi Circuits	15-2
Information to Aircraft by Aerodrome Control Towers	15-5
Control of Aerodrome Traffic	15-6
Control of other than Aircraft Traffic on the Manoeuvring Area	15-7
Control of Traffic in the Traffic Circuit	15-7
Wake Turbulence Categorization of Aircraft and Increased Longitudinal Separation Minima	15-9

CHAPTER 16**Approach Control Service**

Introduction	16-1
Departures	16-1
Arrivals	16-2
Approach Sequence (Stacking)	16-4
Information for Arriving Aircraft	16-6

CHAPTER 17**Area Control Service**

Introduction	17-1
Separation.....	17-2
Vertical Separation.....	17-2
Horizontal Separation	17-3
Lateral Separation.....	17-4
Longitudinal Separation	17-6
Reduced Separation Minima.....	17-14

CHAPTER 18**Air Traffic Advisory Service**

Introduction	18-1
Objective and Basic Principles.....	18-1
Operation	18-1
Aircraft Using the Air Traffic Advisory Service.....	18-2
Aircraft Not Using the Air Traffic Advisory Service	18-2
Air Traffic Services Units.....	18-2

CHAPTER 19**Radar in Air Traffic Control**

Introduction	19-1
Radar Coverage.....	19-1
Identification of Aircraft	19-3
SSR Identification Procedures	19-3
PSR Identification Procedures	19-3
Position Information	19-4
Radar Vectoring.....	19-4
Use of Radar in the Air Traffic Control Service	19-7
Radar Separation Minima	19-7
Emergencies, Hazards, and Equipment Failures.....	19-9
Use of Radar in the Approach Control Service	19-9
Radar Approaches	19-11
Use of Radar in Aerodrome Control.....	19-12

CHAPTER 20**Secondary Surveillance Radar**

Introduction	20-1
Operation of Transponders	20-2
Emergency Procedures	20-3
Communication Failure Procedures.....	20-3
Unlawful Interference with Aircraft in Flight.....	20-3
Phraseology.....	20-3

CHAPTER 21**The Alerting Service**

Alerting Service	21-1
Phases of the Alerting Procedure.....	21-2
Format of Notification of Declaration	21-3
Additional Information for the RCC.....	21-3
Information to Aircraft Operating In the Vicinity of an Aircraft in a State of Emergency.....	21-3
Unlawful Interference	21-3

CHAPTER 22**Search and Rescue**

Introduction	22-1
Organisation.....	22-1
Operating Procedures	22-2
Search and Rescue Signals.....	22-4
Ground/Air Signals used by Rescue Units	22-6
Air-To-Ground Signals	22-6

CHAPTER 23**Aerodromes**

Annex 14	23-1
Types of Aerodrome.....	23-1
Parts of an Aerodrome	23-1
Aerodrome Reference Code	23-1
Aeronautical Data.....	23-2
Runways	23-5
Taxiways	23-7
Taxiway Curve	23-9
Holding Bays, Taxi Holding Positions.....	23-9
Aprons.....	23-10
Visual Aids for Navigation	23-10
Markings	23-11
Runway Markings.....	23-11
Runway Centre Line Marking.....	23-12
Threshold Markings.....	23-12
Displaced Threshold Marking.....	23-13
Aiming Point Marking	23-14
Touchdown Zone Marking.....	23-14
Runway Side Stripe.....	23-16
Taxiway Markings	23-16
Taxiway Centre Line Marking.....	23-16
Runway Holding Position Marking.....	23-16
Taxiway Intersection Marking.....	23-17
VOR Aerodrome Check-Point Marking	23-18
Aircraft Stand Markings	23-19
Apron Safety Lines.....	23-19
Information Markings.....	23-19
Signs	23-19
Markers	23-23
Aerodrome Lighting.....	23-24
Approach Lighting Systems	23-25
Precision Approach Path Indicator (PAPI and Abbreviated PAPI)	23-32
Minimum Eye Height (MEHT).....	23-33

Runway Lights	23-34
Taxiway Lighting	23-34
Obstacles	23-38
Marking of Vehicles.....	23-40
Emergency Vehicles	23-40
Emergency Services	23-40
Bird Hazard.....	23-40

CHAPTER 24

Aviation Security

General	24-1
Aims and Objectives	24-1
National Organisation	24-1
International Co-Operation.....	24-1
Preventative Security Measures	24-2
Carriage of Legal Weapons	24-2
Pre-Flight Checks	24-2
Measures Related to Passengers and their Cabin Baggage	24-2
Missing Passengers.....	24-2
Measures Relating to Access Control	24-2
Management of Response to Acts of Unlawful Interference	24-3
Flight Deck Door	24-3
Training Programmes	24-3
Isolated Aircraft Parking Position	24-3

CHAPTER 25

Aircraft Accident Investigation

Introduction	25-1
Definitions	25-1
Objective of the Investigation.....	25-2
Protection of Evidence, Custody, and Removal of Aircraft.....	25-2
Request from State of Registry or State of Operator	25-2
Request from State of Design or State of Manufacturer	25-3
Notification for Accidents or Serious Incidents	25-3
Reports	25-4

CHAPTER 26

Facilitation

Introduction	26-1
Entry and Departure of Aircraft	26-1
Entry and Departure of Persons and their Baggage	26-3
Departure Requirements and Procedures	26-4
Inadmissible Passengers, Deportees and Persons in Custody.....	26-4

CHAPTER 27

National Law

Introduction	27-1
The Law of the UK	27-1
Major UK Differences	27-1
Royal Flights	27-3
Military Aerodrome Traffic Zones (MATZ).....	27-3
